Ending Hunger Campaign Update

The Maine Credit Unions' Campaign for Ending Hunger had another amazing year! Since its inception in 1990, Maine credit unions have raised over 13.5 million dollars in food and cash contributions. These funds support nonprofit organizations throughout the entire State of Maine. We are pleased to announce that the Campaign raised over \$1.2 million dollars in 2023.

Thanks to the generosity of our members and staff, Connected Credit Union was able to give more than \$11,000 back to our community, helping our neighbors in need. We express our sincere gratitude to all who have made the Campaign a success—we could not do it without you!

Financial Fitness Fairs

The Kennebec Valley Chapter of Credit Unions hosted multiple Financial Fitness Fairs during the school year. Our Financial Fitness Fair is a budget simulation event that targets high school juniors and seniors.

Credit unions are working diligently to provide financial literacy to our schools with a fun, interactive lesson teaching them life skills that will contribute to their future financial success.

Your Visa Credit Card is More Secure Than Ever!

Our Visa® card holders now have the ability to lock their card and prevent it from being used. This added feature is helpful in the event your card is lost or stolen.

When logged into the eZCard info site, you will see an open lock at the top right corner. By clicking on the image to lock it, you are preventing the card from use until you unlock it at another time. This would also impact any automatic payments that are billed on the card. This feature allows time to search for a lost or stolen card without the worry that it could be used by someone. Once the card is locked, it cannot be used for any reason until the cardholder unlocks it, confirming that it is once again open for use.
